

## **REMARKS**

In the Office Action dated June 12, 2008, claims 17-26, 28, 29 and 31 were allowed. Claims 27 and 30 were objected to due to informalities therein. Although no explicit statement was made in the Office Action, Applicant assumes that if these objections are overcome, claims 29 and 30 would be allowable as well.

In response, independent claim 27 has been amended to refer to a static basic magnetic field, since that term is used throughout the specification, such as at line 1, lines 17 and 23 in the substitute specification.

All claims of the application are therefore submitted to be in condition for allowance, and early reconsideration of the application is respectfully requested.

The Commissioner is hereby authorized to charge any additional fees which may be required, or to credit any overpayment to account No. 501519.
